To be inserted on records-retirement request form no. 140,
from O/DCI/ Historical Staff to Records Center:

Top Secret "ORE" Intelligence Estimates and "IM" Intelligence
Memoranda, July 1946-November 1950, including final printed copies, drafts,
and memoranda containing contributions and/or comments on drafts;
prepared and assembled in ORE, as part of its intelligence-production
functions. ⁹ This file was later maintained as an archival file, first in
ORR, 1951-53, and in O/DCI/Historical Staff, from 1953 on. The file
was ~~arranged (and has~~
~~was/~~ ~~arranged (and has~~
remained so) primarily by ORE number and IM number, preceded by an
~~index~~ ^{those} index folder (folder no.)--a list of ORE's and IM's
that were security-classified as "Top Secret".

Most of the items in this file were graded TS at the time (and they
are so listed in the attached shelf list), except for a number of closely
related papers, graded Secret and below. However, this file is not
to be confused with ORE's collateral files of "Secret"(and below)
ORE's and IM's, which were separately maintained and which have
by ORR in January ~~1953~~ and March 1953,
previously been ~~text~~ retired, in accession (J_ob) no. ~~53-29~~ 53-1 and
no. 53-64.
